Good morning:

Do we have an update on the status of the handouts? We are heading to the JFO and would like to be able to give an update.

Subject: Community Liaisons

Diane,
Just to follow up on the note I handed you, during our discussion with the EPA reps to the State Operations Center in Austin they mentioned that they had touched base with the FEMA JIC. The folks at the JIC indicated that they are still anticipating an EPA PIO presence to man the JIC. They also indicated that FEMA is "happy" about the deployment of the liaisons in the declared counties. However they want to see advance copies of whatever handouts are to be distributed. They want to ensure the information is consistent with FEMA's message.

Althea
